

# EU SUSTAINABILITY INITIATIVES

## EU GREEN DEAL

## NEW CONSUMER AGENDA

1

### Circular Economy Action Plan

#### Less Waste, More Value

- EU-wide end-of-waste criteria
- Waste reduction targets for specific streams
- EU-wide harmonised model for separate collection of waste and labelling
- Revision on rules on waste shipments
- Chemicals Strategy for Sustainability - Tracking of substances of concern

#### Sustainable Product Policy Framework

- Sustainable Product Initiative (ecodesign)
- Substantiating Green Claims
- Empowering consumers

#### Crosscutting actions

- Revision of the NFRD
- Sustainable Corporate Governance (Due diligence and Directors' duties)
- EU Taxonomy Regulation
- Timber Regulation

#### Leading efforts at global level

- Mainstreaming Circular Economy in trade
- Global Circular Economy Alliance

- Revision of the General Product Safety Directive
- Empowering Consumers

#### Key product value chains

- EU Textile Strategy
- Plastics (microplastics)
- Packaging

### Vertical initiatives

2

### Climate Action

- EU Climate Law
- European Climate Pact
- Carbon Border Adjustment Mechanism

3

### EU Action Plan Towards a Zero Pollution Ambition for air, water and soil

- Microplastics

### Horizontal initiatives
